CBI's (Community Based Interventions) Giving Tree Farm is a seven acre, non-profit CSA farm just north of Lansing, MI, between Old Town and Dewitt. The farm originally began as a community garden for people with disabilities. As it's volunteer base grew, so did the available programs. The farm has established a heated greenhouse and eight hoop houses for year-round horticultural therapy programs. Monday through Friday, the farm provides vocational training for people who have suffered from traumatic brain injuries, allowing them to cultivate the produce provided to area restaurants, ELFCO, and CSA members.
